Dear Sir/Madam

Proposal: Surface coal mining scheme with restoration to agriculture with nature conservation benefits.

Location: Hilltop Farm, Derby Road, Clay Cross, Chesterfield, Derbyshire

Applicant: Provectus Remediation Limited

Application Code: CM4/1215/125

I refer to the representation you have submitted in respect of the above Application. I am writing to let you know that it is to be considered by the Council's Regulatory Planning Committee at its meeting to be held on 17 March 2017 at 10:00am at County Hall, Matlock. Please check on the County Council's website, from five days before this date of the meeting, that the application is confirmed on the agenda for this date, at the following address:

http://www.derbyshire.gov.uk/council/meetings_decisions/meetings/regulatory/planning/default.asp

The County Council offers an opportunity for members of the public, others who have made representations and applicants or their agents to address the Committee before a decision is taken.

If you wish to address the Committee on the application you should contact the Development Management Section on 01629 539800 before 12.00 noon on the Thursday before the meeting. On the day of the Committee you should arrive at County Hall 15 minutes before the start of the meeting and let the Committee Clerk know that you still wish to make representations to the Committee.

A site visit is proposed prior to the meeting of the Committee on 6 March 2017 and is anticipated that the Committee will arrive at the site at approximately 12:30 am and will assemble at the layby on the A61 Derby Road to the north of Hilltop Farm.

The purpose of the site visit is to enable Members to familiarise themselves with the site and its surroundings. You may wish to be present at the site visit, particularly if it is necessary for the Committee to enter onto the site in order to carry out the inspection, in which case I would be grateful if you could notify the Development Management section of your attendance prior to the visit.

I should emphasise that, whilst Members may ask questions through the Chair of the Committee, the site visit does not afford an opportunity for any party to make representations.

I enclose a note which sets out the procedure for public participation at meetings of the Regulatory Planning Committee. A copy of the relevant report will be available from five days before the date of the meeting. It will be placed on the Council's website as soon as it is available at the following address:

A paper copy can also be obtained from Committee Services by telephoning 01629 538372.

You can find out more about this and other current planning applications and recent planning decisions on the County Council's Website www.derbyshire.gov.uk which is accessible at all the Council's public libraries.

Yours faithfully

Development Management
